**“Alexis Olin is producing bold original work
in the expressionist tradition with a modern sensibility”**

By creating “Cold Shining” series, I wanted to show deep emotions peculiar to people. I decided to focus my attention on reproducing human emotions caused by something mystical and yet unexplored, sense of uncovering various rituals to interfere with the Universe. Internal experiences, search of answers and redefining life moments. I tried to capture the emotional process. To emphasise depth of it, I plunged characters into total darkness through the cold shining of which appear their faces
